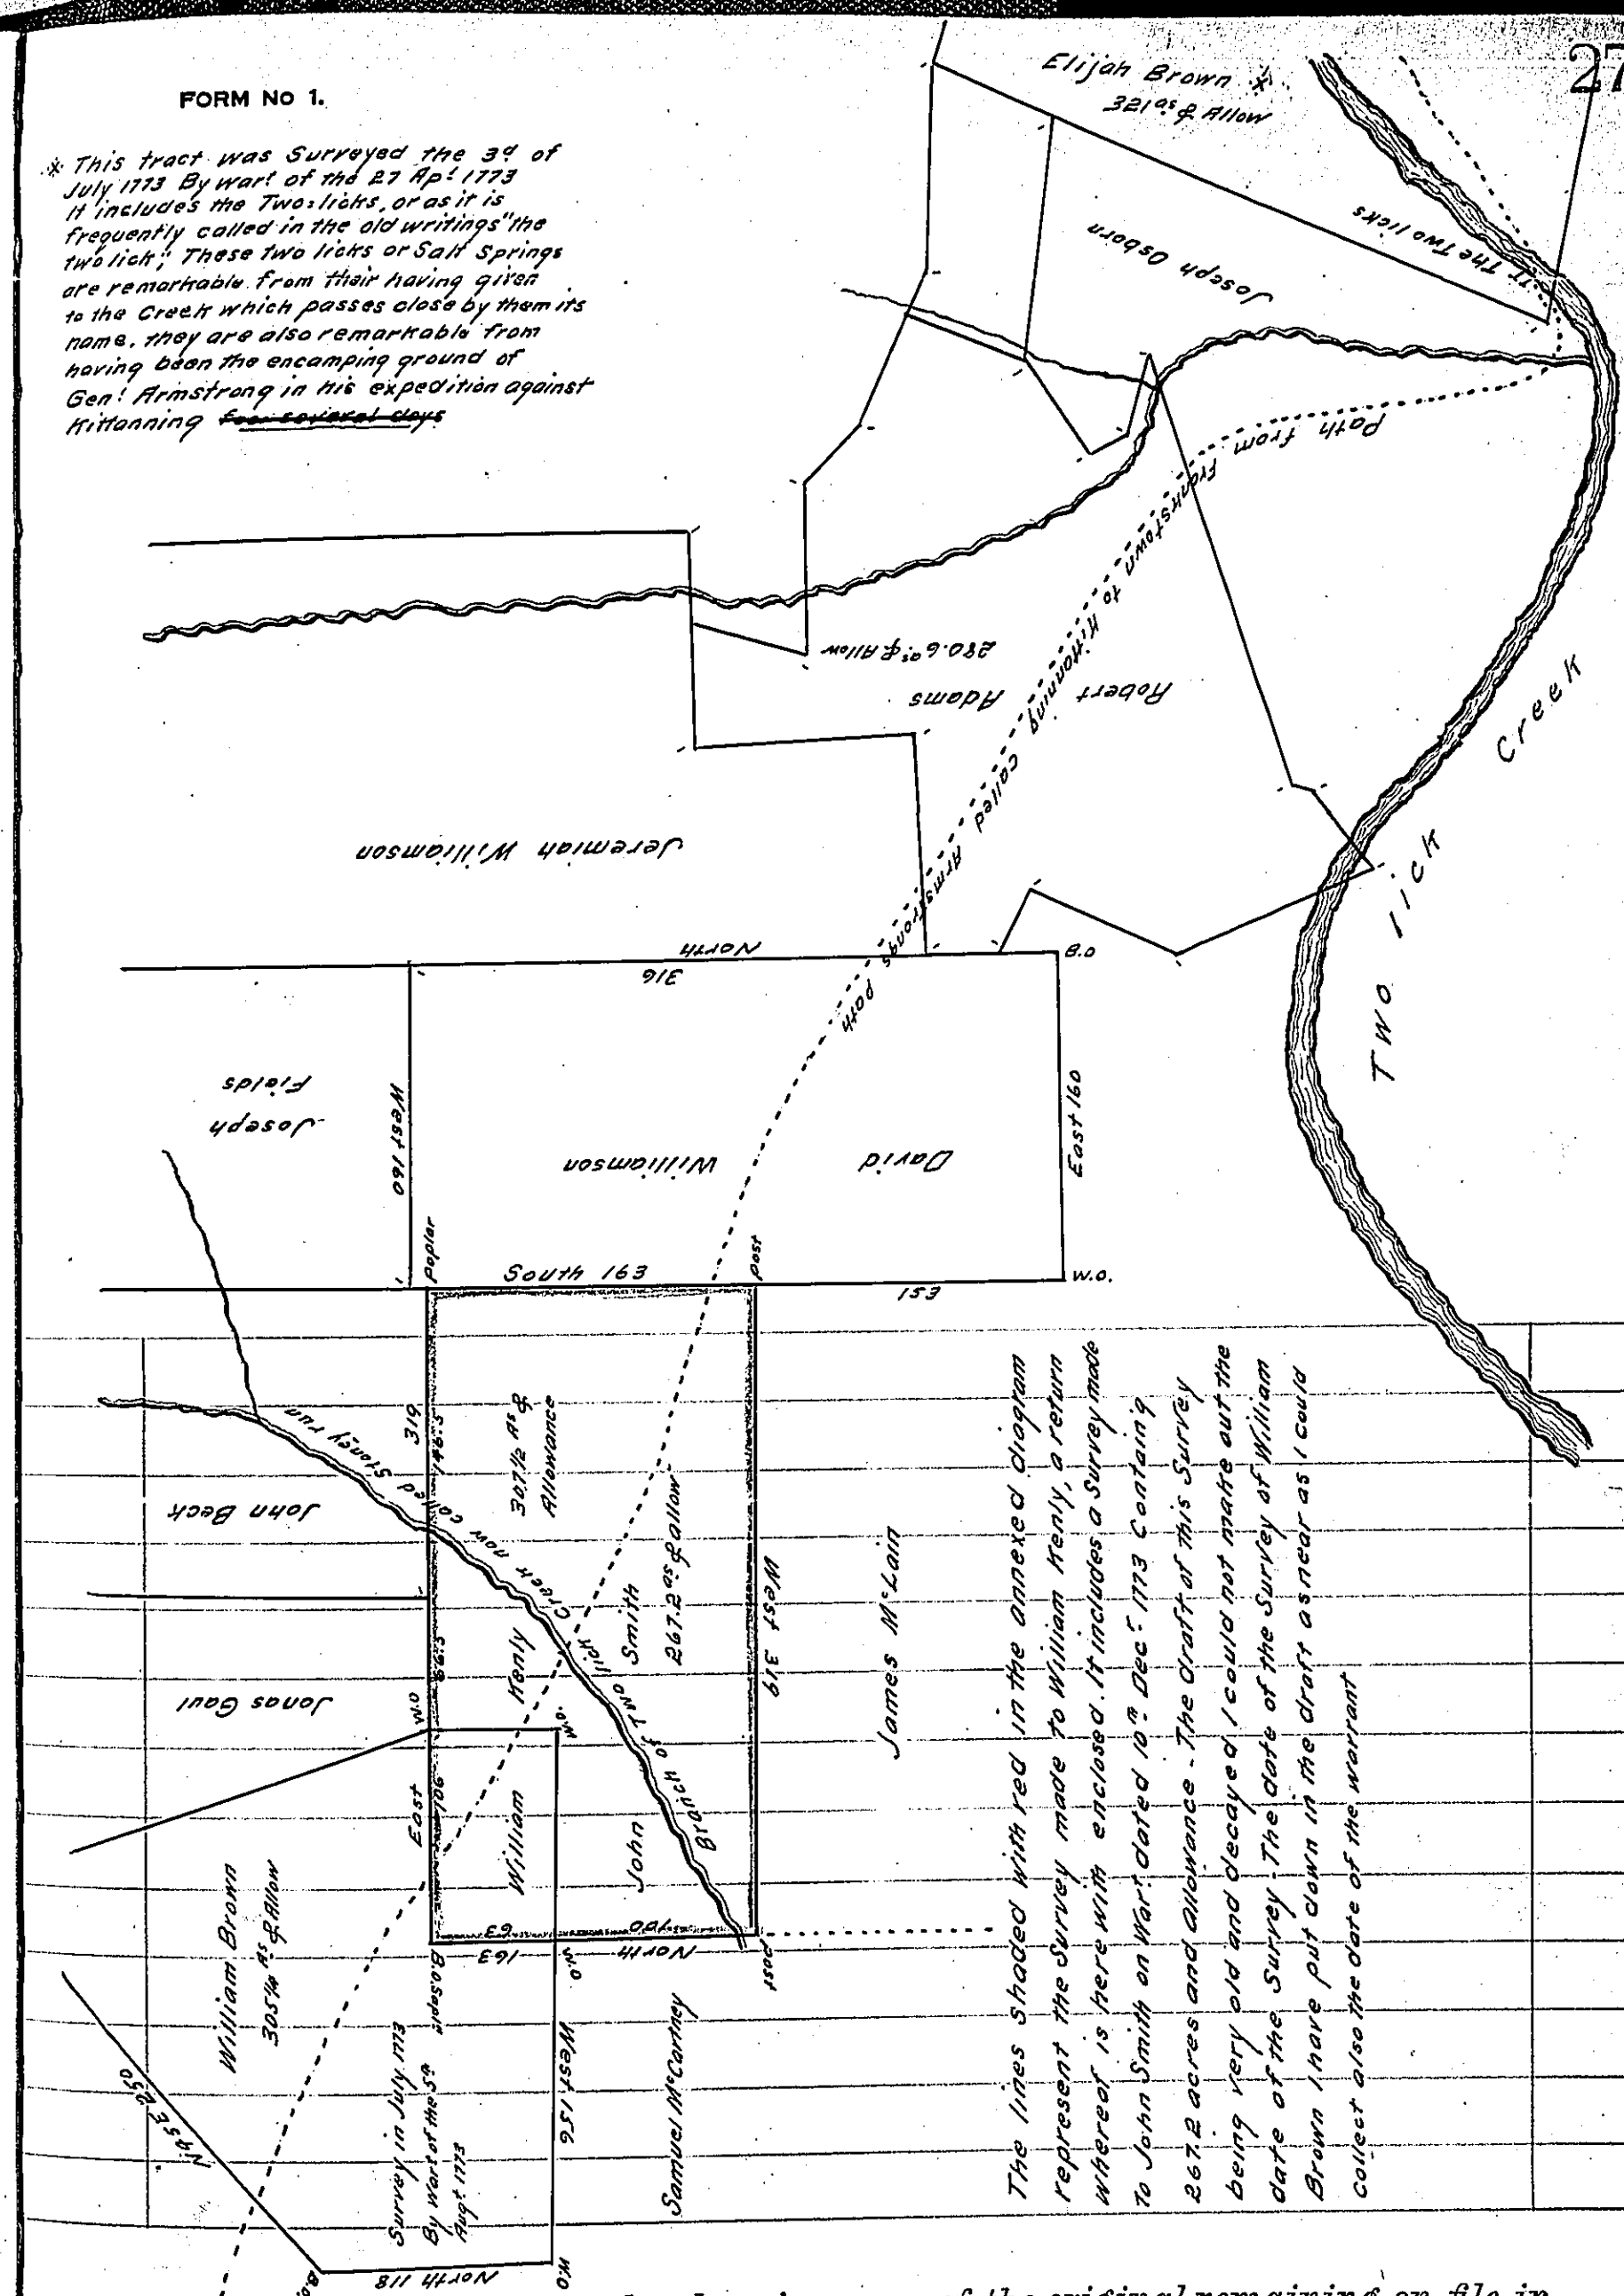
FORM No 1.

* This tract was Surveyed the 3d of July 1773 By warr. of the 27 Apl 1773 it includes the Two licks, or as it is frequently called in the old writings "the two lick;" These two licks or Salt Springs are remarkable from their having given to the Creek which passes close by them its name, they are also remarkable from having been the encamping ground of Genl Armstrong in his expedition against Kittanning ~~for several days~~



The lines shaded with red in the annexed diagram represent the Survey made to William Henly, a return whereof is here with enclosed. It includes a Survey made to John Smith on Warr. dated 10th Decr 1773 Containing 267.2 acres and allowance. The draft of this Survey being very old and decayed I could not make out the date of the Survey. The date of the Survey of William Brown I have put down in the draft as near as I could collect also the date of the warrant

IN TESTIMONY that the above is a copy of the original remaining on file in the Department of Internal Affairs of Pennsylvania, made conformably to an Act of Assembly approved the 16th day of February, 1833, I have hereunto set my Hand and caused the Seal of said Department to be affixed at Harrisburg, this Twenty-eighth day of December 1908
