The Warrant upon which the within Survey was made is not regularly entered in the Warrant Register. It, together with seven other Warrant^s & more of which were regularly entered in the Warrant Register, was deposited in pigeon hole N. Cumberland Co. on the 8 August 1811, by Andrew Porter, then Sheriff. It appears that the fees & purchase money had not been paid upon the Warrant deposited in said pigeon hole, and the Geo Kisco Warrant with some of the others, was not signed
