N.B. At the time of surveying the above described land, Preserved Taylor and his Brothers came to me and stated that they claim the whole of the said tract of land (lot N^o 2) which they occupy and have occupied eighteen years or more. There is a small log house upon the easterly end of said lot N^o 2, but is not occupied by a family residing therein.

I have also been informed that William Ross has a connecticut title to said lot N^o 2 derived from the person that drew said lot under the rules and regulations of the Susquehanna Company
