N.B. there is a part of the above survey cleared and has been for fifteen years. I think that a part of the land in this survey was not known to be vacant at the time the Application was wrote, but by the description it was the intention to take a part of the land in the above survey. If however, your honour should think the discrepercy two great between the Application and the survey. the owner of the Warrant desires to know. If on return made of his Warrant to your office he can get the money paid thereon applied to another warrant.
