

No 196 - 500 a! grants to Col. Brodhead is not
as is supposed in the 10th Donation Dist.
but by mistake has been surveyed in the
State of New York - Therefore no title
to the land itself can be acquired by the
grant, but another tract of 500 a.
may be obtained from Pennsylvania
instead of it. To get a tract of any
value a person ought to have a know-
ledge of the country to enable him to
select - the greater part of the under-
trails are very bad. - I probably could
locate this tract advanced upon.
