

Washington County March 1st 1804 -

The Honorable Aaron Lyles,

Sir,

I have received both your letters, which together with some satisfactory information on the principal proceedings of the house, gave me to understand to a certainty that the worthy members of both houses had regarded my petition.

Knowing of no better opportunity, and, hoping that you will oblige me this far - I take the liberty, humbly to make, constitute & appoint, & in my place & stead put & depute, you Sir, my true and lawful attorney for me and in my place & stead to transact all the business further necessary to securing the property, the General Assembly of the State of Pennsylvania have been pleased to grant - any expenses accruing from taking out a patent, or otherwise I shall hold myself bound to satisfy you.

With due respect I am sir,

Your every humble Serv^t

George Stevenson
