

MAP  
OF  
**CHESTER COUNTY**

Constructed by virtue of an act of the  
LEGISLATURE OF PENNSYLVANIA  
Passed 19<sup>th</sup> March 1846.  
By  
*James Hindman*

R.F.M. DRAWS, Statistical & Geological  
Greatest Length 26 miles  
Greatest Breadth 24 do  
Area  
Population  
Geological formation, Northern part, old Red sand  
stone, Middle, Transition, Southern part, Permian  
rocks.  
The Schuylkill river is navigable for boats, there is  
no navigation on the other streams. The County is remark-  
ably well watered and abounds with mill seats.  
The roads are numerous, and generally very good.
