

I was long time perplexed as to whether I was settling David Davis  
Accounts and I am persuaded of his discharge. I found on settling  
that he had been in Col. Proctor's Corps, and taken prisoner by  
the British and after he made his escape and returned landed  
at his time in the Laboratory at Carlisle under the name of <sup>this</sup> John  
Quinn and settling his Accounts I am well acquainted with the Circumstances  
and settled his Accounts and I settled his Accounts and after  
know his transactions. I have no doubt of the truth of his Certificate.

No proof that Davis served to the  
end of the war which may perhaps  
be had by referring to the Books of  
the Comptroller general where his ac-  
counts were settled.
