COMMONWEALTH ASSOCIATION OF STUDENTS

Administrative File, 1973-1979

This collection consists of one cubic foot of records from the Administrative File of the Commonwealth Association of Students (CAS). Founded in 1973, CAS is a student lobbying organization formed to combat the rising costs of the Pennsylvania college and state university system as well as budget cutbacks. Quality education is another of its stated goals.

The collection contains files from 1973-1979, including minutes, correspondence, posters and organizational material. Included are the minutes of the Board of Coordinators, Board of State College and University Student Government Presidents, Coalition for the Student Vote, Executive Board of CAS and the CAS Legislative Body. The Constitution and Bylaws of 1974 are also included.

The files were received from Robin Winston, Executive Director of the Commonwealth Association of Students, in January 1980.
