Plot  
of a part of

C. L. E. INMAN'S FARM.

Showing the quantity of lands supposed to have been destroyed in  
 consequence of the erection of the Monticello dam. The pieces  
 marked with the blue lines are those supposed to have been destroyed  
 and amount in all to fifteen acres and two rods and three fourths of a rod.  
 Surveyed under direction of Boards of Commissioners May 1840.
