

Bedford County
Jacob Brambock Junr.
287 Acres & 1/2 of allow^e

Ret^d by 28th July 1795

I find that part of the within
Survey lies in Bedford & part in
Huntingdon County which ren-
ders it unnecessary for me to
make a New Return I
think the Return comes best
from Mr Woods under whose
direction the Survey was
made when a Part of the
land is in Bedford County
May 15th 1793

John Bowman D.S.

Daniel Brodhead }
Esquire S. J.

part of this land being found
to lay within the County of
Bedford the return is accept-
ed
D.B.

It was alledged this land lay in Hunt^g Co. The
field works of George Woods Esq. late Deputy Survey-
or of Bedford County which belongs to that
part which is now within the County of Hunt-
ingdon ought long since to have been delivered
over to Col. John Bowman the present sworn
Deputy of that County and this & other returns
yet to be made ought to be made by him.
Therefore this return cannot be accepted
