

N.B. It appears there was a mistake in the survey made on Andrew Ross's
warrant or in the calculation, if it cannot be accepted you will please to send
it back, it would be best for the state if it could be accepted, as the land is not
worth the expence of a warrant.

Saml Rees D.S.

To Gabriel Heister Esquire
Surveyor General.

May 14th 1828. I have examined the within survey and approve of the same
