A Line between Richard George & John Jones remains unsettled Richard reasons that from Thomas David's old corner black oak the line of division ought to be according to the prickd line for about 20 per. from the black oak there is a marked tree & therefore the line ought to be continued in that direction w^{ch} is S 23 1/2 E. 46. per. the length of the other part of ye prickd line by T.D. is 23 1/2 per. John Jones reasons that the length of Richd walters (now Richd Georges) land from H. Evans corner by patent is 173 per. w^{ch} will reach the red line thence by both patents the course is ^w N. 33 1/4 agreeing with the red line. The red line will give John Jones about one acre w^{ch} with the other part to the prickd line drawn across the Tract will contain. 100 acres. The Computation 402^a: 142^p. is to ye prickd line.
