The above is a draft of a survey made May 35, 1815, in pursuance of a warrant granted to Hiram Parker, dated April 19th, 1815, containing eighty three acres and seventy seven perches with the usual allowance. This land is contended for by one England, but I am of opinion that England's claim is not well founded—Parker commenced his improvement in January, 1815 and has kept it up ever since. There was no other improvement at that time, whatever, and England approved of it.
