Thos^s Preston _____

By 5000 acres granted him by
William Penn Esqr. 5000.

I do hereby Certify that the above account is stated agreeable to the several returns of surveys (now remaining) in the Surveyor Generals Office, of land laid in right of the Original Purchase 5000 acres made by George Palmer by which it appears that there remains yet to be taken up in right of said purchase, the quantity of 1504 acres and allowance for Roads of 6 P. Cent.
Certified at Philadelphia 20th of February, 1755.

Nicholas Stull. _____

N.B. The 350 acres in Bucks and Chester County appear now not to be part of George Palmer's grant; but to another of a different family & therefore Mr. Stull has given another Certificate for those 350 acres.
