The Board of Property
directs this Survey to
be Accepted & a Patent
to issue
A Porter S.G.
Augˢᵗ 4ᵗʰ 1809

4th August 1809

This Survey connot be accepted. The whole tract of which it is stated to be a part has not been returned into the Surveyor General's Office. The application calls for land in Warrington Township York County; and accordingly, we find a Survey amongst the York County papers for 120 ps 80 pes of land (made by Charles Lukens the 24th day of August 1767 in pursuance of this application) which appears to have been executed upon the ground that the application describes. On this Survey however there is a note stating that the Land is claimed by Jonathan Marsh If in consequence of Marsh's claim Horseman has relinquished his, and afterwards, has had the application executed elsewhere perhaps (if proof can be made of this fact and that there is now dispute relative to this land) the Board of property might order the Survey to be accepted.
