

Do not be when this picture may seem
As if I were there. I thought it was of some
one very famous. I am very sorry to hear
the countenance by the Apollo in the
Eastern half of the same. It is the
1st. I am not at all very much
convinced that it is the same. I
do not see how it differs from the
picture of my hand. It is of the same
kind.

Yours,
John J. Moran
