SCHEDULE 2.—Productions of Agriculture

Main agricultural schedule table with columns for farm details, land, values, labor, grass lands, and various crops.

Secondary agricultural schedule table with columns for farm details, land, values, labor, grass lands, and various crops.

* Came into the township last fall and cannot report the crop for 1879
+ Mr Rhoads owns another farm of 90 acres, part was occupied last year by his mother and part pasture, the latter is overgrown and the water moved away. I cannot get the facts as to the production of this farm. Its acreage is divided very much as the one above reported.
