

W2-i. 14. NORTH BRANCH DIVISION - Contracts:
Sections
Vol. 1

The ninety-eight items of this volume apply to the early Wyoming Line of the North Branch Division and to the construction of a canal prism without any accessory features.

The contents consist of Articles of Agreement signed by Superintendent Thomas Woodside and Superintendent Lord Butler and by Acting Commissioner John Mitchell, in the years 1828 - 1832.

The first few items in the volume bear on the Lackawanna Feeder Dam, contracted for by Zonus Barnum and by John Chahoon on 27 May 1833 with Superintendent Lord Butler.

W2-i. 15. NORTH BRANCH DIVISION - Contracts:
Sections, Vol. 2

The 119 items in this volume apply strictly to the construction of a canal prism forty feet wide at the top, twenty-eight feet wide at the bottom, and four feet deep.

The contents consist of Articles of Agreement on printed forms, signed with the contractors in 1828 and 1829 by Superintendent Thomas Woodside.
