

W2-g. 34. ERIE EXTENSION CANAL - Reports and Miscellaneous
Documents
1836 - 1847

Items here bear generally upon contracts, oaths,
petitions, reports, etc.

Outstanding correspondents and canal officials indexed are Superintendent John Anderson; Superintendent Joel B. Curtis; M. Courtwright, engineer, Erie Canal Co.; James D. Harris, engineer on the North Branch Extension; Superintendent Hugh Keys; Superintendent John Mitchell (former canal commissioner); A. Newell, collector at Junction; Wm. Milnor Roberts, principal engineer; Dr. Chas. T. Whippo, principal engineer; and T. L. Wilson, secretary to the Board of Canal Commissioners.

W2-h. 1. FRENCH CREEK DIVISION - Damage Claims, Vol. 1

Here, indexed from Adams, J. through Moison, J., uncalendared, but ranging through years 1829 - 1848, are claims of property-holders and contractors.

A number of unindexed letters by Principal Engineer Wm. Milnor Roberts occur, besides others by Superintendents John Mitchell and John Anderson.

This book is prolific with maps submitted by property-holders with their claims. See particularly item 86.
