W2-i. 21. NORTH BRANCH DIVISION - Contracts:

Sections - Tioga Line  
Vol. 1

Here the title is misleading: only a few of the contracts included apply to the Tioga Line of the North Branch Extension Canal.

All contracts call for a canal prism forty feet wide at the top, twenty-eight feet wide at the bottom, and four feet deep.

1-118. Contracts are signed by Superintendent E. Harding, Jr., for sections on the Tunkhannock Line of the Extension, 1838.

119-130. Contracts signed by Superintendent Jere Adams for sections on the Tioga Line, 1838.
