

W2-b. 34. SURVEYS of PROPERTY - DEPARTMENT of INTERNAL AFFAIRS

This volume presents three leading items:

- A. Maps of the property at Columbia which would be injured by the introduction of the line to avoid the inclined plane. Undated.
- B. A set of maps of the Eastern and Delaware divisions, particularly of locks, with a report in the apparent hand of Engineer Edw. F. Gay transmitted to the Board from Lancaster, February 1842
- C. A BOOK of SURVEYS, PLANS, and DEEDS, with Description of Property in Possession of the State of Pennsylvania, along the Lines of Public Improvements, by Theo. Franks, 1847 - these showing surveys of lands at all locks and planes.

W2-b. 35. WATER POWER

This volume presents chiefly letters, 1841-1857, addressed to the Board or to the Auditor General, making inquiry or proposal as to the use of water powers available at the various locks on The Pennsylvania Canal, offers to rent or to purchase being included.
