

Extracts from my diary - June 14th 1895

Col. Johnston says Mr. Ingham advises that I tender and
"he take out the no for the 200 warrants"

The above was submitted by one first consent to Mr Ingham
previously and he then had not time to make it
up and advised me to fore thought at that day -

Made a tender of _____ to Col. Johnston
Wm. Mousa present

Ref. to the above I have extracted from my
diary - You got about to write me a certificate
of the tender - whether I rec'd it or not I do not
know - I can't find it but hope you have
note of the fact - if so I will thank you for a line
to that amount

Yours truly
