Demandant to an order of the Board of Property dated 28<sup>th</sup> January, 1802, I have made a re-survey of a tract of land, granted by Warrant, dated 22<sup>nd</sup> day of February 1785 to Chester James Dunlap for four hundred acres, situated on the waters of Tunkhannock creek in the County of Luzerne. And I have endeavored to find the lines of those tracts said to be previously surveyed to Mfrs Chew, Flippin and Allen, on Warrant dated the 20<sup>th</sup> day of August, 1795 for 2000 acres each, with which the above tract is said to interfere. But after a careful and diligent search, no old lines of the said surveys made or pretended to be made, for the said Chew, Flippin and Allen can be found, and it is doubtful whether the same were ever run; but if from the returns in the land office, or any satisfactory evidence, it is concluded, that the same were run, or the running thereof was legally suspended with, I find by a comparison of the said parcels, according to the waters thereof, with the said tract which I have re-surveyed, that the said tract of land so granted to the said James Dunlap contains Two hundred and forty two Acres and Eight perches, with the usual allowance for roads.
