

There is a Bundle of the Surveyors Turner's Warrant to his
Deputies in favor of Benjamin Carter and for Samuel Carter signed on
the back by me J. Hughes.

There is an Order of the Commissioners which seems to be intended to fix the
Southern Line of the Friends of Meigs and the Northern Line of Ralph Pettibell, but it is
hardly intelligible.

Signed by name on the back of it J. Hughes.

It is wrapped up in Pettibell's Warrant No. 707.

This Letter No. 712 is so interlined in numbers of places that it is scarce legible.

No. 714 is a copy.

No. 715 is a Draft of several different pieces of Land and Thomas Tammam
desires to have his Warrant Land and five of them agreeable to the said lines
in the Draft.
