

I do hereby certify, that Cornelius Hoffman, has brought to me several letters from Charles Shoemaker Esquire, in which the said Charles Shoemaker states, that the Bearer of the several letters was Cornelius Hoffman & that he would deliver me the same; said letters being on the subject of his donation lands & that I verily believe from said letters, that the person now applying for said lands, is no other than the same Cornelius Hoffman who served in our revolutionary war with Great Britain & who is now personally present - February the 9th 1803.
