 Supervisor's Dist. No. 10
 Enumeration Dist. No. 46

NOTE A.—The light dotted perpendicular lines, which divide the spaces intended for numbers on this Schedule, are intended to separate the units, tens, &c., from each other, and the Enumerator should be careful that the figures are written within the small spaces so formed, thus:

7	4	1
4	2	1
3	9	9

 the units in the right-hand small spaces.

NOTE B.—Make an affirmative entry by a slanting line (thus /) in one of the three columns 2, 3, and 4, according as the fact is in the case of each farm—in column 2, if the occupier is the owner of the farm; in column 3, if he is the tenant at a fixed money rental; in column 4, if he conducts it for a share of the product.

NOTE C.—Enumerators will observe that there are 100 questions relating to each farm, which are arranged in four successive divisions of each schedule page.

Supervisor's Dist. No. 10

Enumeration Dist. No. 46

NOTE A.—The light dotted perpendicular lines, which divide the spaces intended for numbers on this Schedule, are intended to separate the units, tens, &c., from each other, and the Enumerator should be careful that the figures are written within the small spaces so formed, thus:

7	4	1
4	2	1
3	9	

NOTE B.—Make an affirmative entry by a slanting line (thus /) in one of the three columns 2, 3, and 4, according as the fact is in the case of each farm—in column 2, if the occupier is the owner of the farm; in column 3, if he is the tenant at a fixed money rental; in column 4, if he conducts it for a share of the product.

NOTE C.—Enumerators will observe that there are 100 questions relating to each farm, which are arranged in four successive divisions of each schedule page.

SCHEDULE 2.—Productions of Agriculture in Middlesex in the County of Butler, State of Pa

enumerated by me on the 5 day of June, 1880.

John D. Harrison

Enumerator.

Page No.

Supervisor's Dist: No.

Enumeration Dist. No.

NOTE A.—The light dotted perpendicular lines, which divide the spaces intended for numbers on this Schedule, are intended to separate the units, tens, &c., from each other, and the Enumerator should be careful that the figures are written within the small spaces so formed, thus:

7	4
4	2

 the units

NOTE B.—Make an affirmative entry by a slanting line (thus /) in one of the three columns 2, 3, and 4, according as the fact is in the case of each farm—in column 2, if the occupier is the owner of the farm; in column 3, if he is the tenant at a fixed money rental; in column 4, if he conducts it for a share of the product.

NOTE C.—Enumerators will observe that there are 100 questions relating to each farm, which are arranged in four successive divisions of each schedule page.

SCHEDULE 2.—Productions of Agriculture in *Middlesex Tp* in the County of *Berlin*, State of *Pa*
enumerated by me on the *9* day of June, 1880. *John H. Harris*

SCHEDULE 2.—Pro

OF THE PERSON WHO CONDUCTS THIS FARM.				ACRES OF LAND.				FARM VALUES.			FENCES.		LABOR.				GRASS LANDS.																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																										
NAME.				TENURE.		IMPROVED.		UNIMPROVED.		Of farm, including land, house, and buildings.	Of farming implements and machinery.	Of Live Stock.	Cost of building and repairing in 1879.	Cost of fertilizers purchased in 1879.	Amount paid for wages for farm labor during 1879, including value of board.	Weeks hired labor in 1879 upon farm (and dairy) excluding house-work.	Estimated value of all farm productions sold, consumed, or on hand for 1879.	ACREAGE 1879.		PRODUCTS HARVESTED IN 1879.				Horses of all ages on hand June 1, 1880.	Mules and asses of all ages on hand June 1, 1880.																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																		
				Owner.	Rent for fixed money rental.	Rent for share of produce.	Tilled, including fallow and grain in rotation, (whether pasture or meadow.)	Permanent meadows, pastures, orchards, vineyards.	Woodland and forest.									Other unimproved, including "old fields" not growing wood.	Dollars.	Dollars.	Dollars.	Dollars.	Dollars.			No.	Dollars.	Mown.	Not Mown.	Hay.	Clover Seed.	Grass Seed. NOTE B.—Make an affirmative entry by a slanting line (thus /) in one of the three columns 2, 3, and 4, according as the facts in the case of each farm—in column 2, if the occupier is the owner of the farm; in column 3, if he is the tenant at a fixed money rental; in column 4, if he conducts it for a share of the product.

NOTE C.—Enumerators will observe that there are 100 questions relating to each farm, which are arranged in four successive divisions of each schedule page.

Enumerator.

Enumerator.

FOREST PRODUCTS.		
Wax.	Amount of wood cut in 1879.	Value of all forest products sold or consumed in 1879.
Lbs.	Cords.	Dollars.
08	09	100

to separate the units, tens, &c.,
formed, thus: 741, the units

is in the case of each farm—in
column 4, if he conducts it for
divisions of each schedule page.

Page No. 17

Supervisor's Dist. No. 10

Enumeration Dist. No. 46

NOTE A.—The light dotted perpendicular lines, which divide the spaces intended for numbers on this Schedule, are intended to separate the units, tens, &c., from each other, and the Enumerator should be careful that the figures are written within the small spaces so formed, thus: 741, the units in the right-hand small spaces.

NOTE B.—Make an affirmative entry by a slanting line (thus /) in one of the three columns 2, 3, and 4, according as the fact is in the case of each farm—in column 2, if the occupier is the owner of the farm; in column 3, if he is the tenant at a fixed money rental; in column 4, if he conducts it for a share of the product.

NOTE C.—Enumerators will observe that there are 100 questions relating to each farm, which are arranged in four successive divisions of each schedule page.

SCHEDULE 2.—Productions of Agriculture in *Middlebury* in the County of *Butler*, State of *Pa*
