Sell 12 Acres for \$1-Million Dairy

William J. McCarter and Company, representing Food Fair Properties, Inc., has sold a 12-acre site in Marple Township, to Abbotts Dairies, Inc., represented by Albert M. Greenfield and Company, for the erection of a new \$1,000,000 plant in the Lawrence Park 150 acre planned industrial estate.

The site, which was purchased for \$85,000.00, will be improved by Abbotts Dairies with a plant for milk bottling, distribution and offices. The balance of the industrial acreage will be developed by either outright sale to industrial users, or erection by the owners of new one-story plants for long-term lease to a tenant's specifications.

The McCarter firm is exclusive real estate agent for both the 150-acre planned industrial estate and the \$8,000,000 Lawrence Park Shopping Center under construction and adjacent to the industrial estate.
